OUR PUBLIC DEBT.

Monthly Statement of the United States Treasury.

RECEIPTS AND EXPENDITURES.

The Public Debt Has Increased During the Past Month Over Six Million Dollars. The Financial Transactions of the Government During November—Comparisons Made.

WASHINGTON, Dec. 2.—The public debt statement just issued shows the net increase of the public debt, less cash in the treasury during the month of November, to have been \$6,716,498. The interest-bearing debt increased \$180; the debt on which interest has ceased since maturity decreased \$35,190, and the debt bearing no interest decreased \$343,166.

"There was a decrease in the cash balance in the treasury during the month of \$7,094,671. The interest-bearing debt is \$585,039,320, and the debt bearing no interest \$374,589,718, a total debt of \$961,568,316. The certificate and treasury notes offset by an equal amount of cash in the treasury amount to \$509,229,302, an increase during the month of \$11,019,441.

The net gold reserve is \$32,959,049 and the net cash balance \$12,240,567, a total available balance of \$95,199,616, a decrease since the 1st of November of \$7,094,671. The total cash in the treasury is \$734,820,435.

The receipts of the government for the month of November were \$23,979,401, and the expenditures \$31,302,026. The receipts for the first five months of the fiscal year—July, August, September, October and November amount to \$129,408,417, and the expenditures \$159,321,518, a deficit for this fiscal year to date of \$29,918,099. For the first five months of last year the receipts were \$161,184,076, and the expenditures \$156,990,766.

The expenditures on account of pensions during the present fiscal year amount to \$59,481,572, as against \$65,481,795 for the same time last year. The customs receipts this fiscal year have fallen off \$28,569,830 and the internal revenue receipts \$7,066,678, as compared with last year. The expenditures under the head of "war" this year have been \$9,102,133, and under the head of "navy" \$1,913,289, greater than for first five months of last year.

The total amount of national bank circulation outstanding Nov. 30 was \$208,550,788, an increase in circulation since Nov. 30, 1892, of \$35,359,960, and a decrease since Oct. 31, 1893, of \$903,378. The amount of national bank circulation outstanding against bonds deposited therefor, Nov. 30 was \$187,600,500.

The receipts from customs at the port of New York for the month of November were \$6,312,807, as compared with receipts of \$9,951,385 during November, 1892, and \$7,537,386 during October, 1893. The amount paid in gold coin was 31 per cent of the total, while during October 37.6 per cent was paid in gold coin. The payments in silver certificates show a large increase this month over last, being 45.8 per cent this month and 31.3 per cent last month.

The total gold in the treasury coin and bullion is \$161,122,128, the gold certificates in treasury cash \$140,090, the gold certificates in circulation \$78,163,079 and the net gold in the treasury \$32,959,049.

UNLUCKY THIRTEEN.

Caught on a Trestle at East Liverpool, Ohio—Lady Killed.

EAST LIVERPOOL, O., Dec. 2.—Thirteen people returning from a Thanksgiving party were caught by an electric street car on a trestle, one mile east of the city, at 1 o'clock yesterday morning. The trestle is 200 feet long and from 15 to 25 feet high. The motor-man sighted the group as he rounded a curve 40 feet away, coming down a steep grade.

All those on the trestle jumped to the ground with the exception of Mrs. Milton Harsha, who was knocked down and had her head crushed. She was instantly killed.

Her husband was walking behind her carrying a 2-months' old baby. He jumped with the baby, which escaped unharmed. Harsha received a bad cut on the head, and is suffering from concussion of the brain.

Laura Martin was struck while jumping from the trestle and thrown 20 feet. Her head was badly cut and the injuries are serious.

Her sister, Della, jumped and received internal injuries which may prove fatal.

Aaron Moore sustained cuts about the face by jumping against the trestle timbers.

Charles Karcher had his hip dislocated, ankle sprained and was cut about the face.

James Cunningham received slight internal injuries.

The other members of the party escaped with severe bruises. Two young ladies jumped 18 feet, and escaped unhurt.

The rails were slippery, and the motor-man claimed that he was unable to stop the car.

Mr. and Mrs. Harsha had been married 15 months. She was not quit 20 years old.

Big Fire in London.

LONDON, Dec. 2.—Poulters wharf, Dowgate dock, London, near the Canon street station, is burning. A 6-story building has already collapsed and other buildings are threatened.

Fatal Leap.

FOSTERIA, O., Dec. 2.—W. Fox, aged 10, jumped from the eastbound Nickel Plate train at Iler, five miles east of this city, and was instantly killed.

BIG DEAL, By Which the Reading Gets More Railroads.

WASHINGTON, Dec. 2.—At 12 o'clock Thursday night a big railroad deal was consummated, in which the Richmond and Danville Railroad company acquired possession of several lines of railroads hitherto operated by other companies. Wednesday an order was issued by Samuel Spencer, F. W. Hildokper and Reuben Foster, receivers of the Charlotte, Columbia and Augusta Railroad company, turning over to themselves as trustees of the Richmond and Danville Railroad company, all the property of the Charlotte, Columbia and Augusta Railroad company, including the property of the Cheraw and Chester Railroad company and the Chester and Lenoir Narrow Gauge Railroad company.

President Andrews, of the Charlotte, Columbia and Augusta Railroad company, is assuming control of the Cheraw and Chester company and the Narrow Gauge line, appointed L. T. Nichols superintendent, with offices at Chester, S. C., and ordered all remittances to J. C. B. Smith, treasurer, at Columbia, S. C. This action was taken in compliance with the orders of the United States circuit court for the eastern district of Virginia, the district of South Carolina and the western district of North Carolina in cases pending of the Central Trust company of New York against the various railroads. The following officers are named in a general order and will hereafter conduct the business of the Charlotte, Augusta and Columbia road: H. L. Bond, Jr., general counsel; W. H. Green, general manager; A. B. Andrews, general agent; Sol Haas, traffic manager; A. S. Dunham, comptroller; John W. Hall, treasurer; and W. H. Marbury, assistant treasurer.

SATOLLI SPEAKS.

What He Has to Say About the Catholic Schools.

WASHINGTON, Dec. 2.—Mgr. Satolli, apostolic delegate to the United States, declared himself on the subject of Catholic schools at a reception given him by the faculty and students of Gonzaga college in the hall of Notre Dame. The delegate was attended by the secretaries of the legation—Mgr. Scharretti and Dr. Papi. Several addresses were made, to which Mgr. Satolli responded at length. His remarks were a eulogy on Catholic schools.

After a reference to the duty of Catholics to observe Thanksgiving day and to pray for the prosperity of the republic, Mgr. Satolli said:

"We may be sure of this, that all the people of any church know the value of the Catholic school; they are interested in it; they honor it; they wish it to continue and progress; they have learned by experience that citizens educated in those schools do not fall short in knowledge and in love of the American constitution; that they do not lag behind the most progressive; endowed with character, they are just, active, charitable and generous unto sacrifice. Such then is the magnificent spectacle presented to America by the Catholic schools, not unlike the spectacle given by the first Christians to the whole world in the early centuries of the church."

EXPORTING SPIRITS

Being Sent Away to Evade the Proposed Increased Tax.

WASHINGTON, Dec. 2.—Treasury department figures show that in the anticipation of possible increase in the internal revenue tax on distilled spirits, considerable quantities of whisky are being taken out of bonded warehouses and exported, and large quantities of newly distilled whisky are also being placed in bonded warehouses, to be redeemed hereafter at the present rate of tax of 90 cents a gallon.

The whisky being taken out of bond is that which has been in the warehouse for nearly three years, at the expiration of which time the tax has to be paid. If exported, even though it should be sent no further than Bermuda it can be imported at the pleasure of the holder at any time on payment of a corresponding duty to the tax at the time of its departure, namely 90 cents per gallon.

Died While on a Mission of Mercy.

LIGONIER, Ind., Dec. 2.—Thursday night Jonas Decker, a prominent merchant and well known citizen, started to call a physician for a sick neighbor. The doctor did not come, and Mr. Decker not returning, his family became alarmed and started out in search of him. About a square from his house his dead body was found nearly covered with snow. It was at first thought he was foully dealt with, but no marks of violence have been discovered and there were no signs of a struggle in the vicinity. His son, a young man on his way home, had passed within a few feet of his father, but he thought that it was some drunken man and paid no attention to him.

Findings in the Iron Hall Case.

INDIANAPOLIS, Dec. 2.—The attorney in the case of Albert H. Baker et al. against the Order of the Iron Hall filed their special findings of facts, which had been prepared by each side at the request of the attorneys for the defendants in superior court No. 1 yesterday. D. W. Howe, for the defendants, filed a special finding, which consisted mainly of the statements of facts agreed to before the trial. The attorneys for plaintiff filed a voluminous finding of facts, covering 20 closely-written pages. The judge will soon render his decision.

EL PASO, Tex., Dec. 2.—The prosecution of Victor L. Ochoa, arrested on the charge of inciting revolution in the republic of Mexico, was a complete fiasco. There was absolutely no proof that Ochoa had any connection with the trouble in Mexico.

INTERNAL REVENUE.

How It Will Be Affected By the New Tariff Bill.

VERY IMPORTANT QUESTION

The Ways and Means Committee Have a Difficult Problem Before Them—Probable Difference in Revenues Between the Old and New Bills—Opinions of Several Prominent People on the Subject.

WASHINGTON, Dec. 2.—The meeting of the ways and means committee yesterday was brief. The estimates to be submitted showing the probable difference in revenue that would result from the new bill were not yet complete, and the committee adjourned until Monday to give Clerk Talbot and his assistants further time.

The labor of estimating the revenue that would be derived under the new tariff bill is very great, but it has progressed far enough to warrant the statement that, on the basis of the imports of 1892 the loss of revenue resulting from the enactment of the new bill and the repeal of the McKinley law would be about \$60,000,000 per annum. Of course this estimate is on the supposition that the imports under the new bill would be no greater than under the present law, a supposition which the Democrats by no means concede.

It is the contention of Chairman Wilson and his Democratic associates that importations will be so stimulated under the new bill that the loss of revenue, despite the radical reduction of duties, will not be over \$35,000,000. This deficit it is now proposed to make up by a tax on the incomes of corporations, a tax on successions and playing cards and by increasing the tax on cigarettes and perhaps whisky.

Mr. Tarsnef of the ways and means committee still clings to the belief that the deficit can not be supplied without extending the income tax to individuals. "I don't think it can be done," said he, "without making the tax on net earnings of corporations excessive. Such a tax of 2 per cent would secure to the government not more than \$25,000,000, whereas the deficiency would be nearly \$40,000,000. I can't see how tobacco can stand any greater tax."

"If the rate on whisky is advanced 10 cents per gallon, from that source there will be about \$9,000,000 more, which is still short of the amount required."

"One source of increased revenue that has to be developed is the stimulation of importations that will result from the lifting of our prohibitive tariff. Doubtless this will greatly increase our revenues, but I hardly think we could get along without help from the personal income tax."

"If incomes of over \$5,000 were taxed at the rate of 5 per cent it would put into the treasury over \$7,000,000, and that would give us sufficient revenue. The coinage of theseigniorage, as I have heard suggested, would not help the matter, so we are providing for a permanent support of the government."

The Democratic members of the committee on ways and means at their next meeting will further consider the income tax and internal revenue schedule. There are still many rumors afloat regarding the intentions of the committee in relation to the whisky tax, but the expressions of members of the committee give no reason for believing that the increase will exceed 10 cents per gallon, and some members think it doubtful whether there will be any increase at all or not.

The subcommittee is debating the advisability of making any increase in the whisky tax applicable to all whisky in hand at the time the new tariff law goes into effect.

Senator Dolph of Oregon announces that when the new revenue bill comes up for consideration he will present an historical address for the purpose of proving that the United States never had any prosperity except when there was a protective tariff and that from colonial days free trade has meant debased labor.

Representative Holman said: "There are practically three modes by which the deficit could be made up. By issuing bonds and thus increasing the public debt by an income tax, which would realize from \$50,000,000 to \$75,000,000, or by a reduction of expenditures. In regard to the bond issue I do not believe any political party would survive a material enlargement of the public debt in time of peace. I hope that that will not be attempted at this time, for I am confident that the great masses of our people believe that the embarrassments of our treasury are attributed, not to insufficient revenues, but an indefensible and lavish expenditure of public money."

"If the expenditures of our government are kept up to their present rate I think the increased revenue required should be provided by an income tax. It is a just and equitable method of raising revenue. If the present Democratic congress, which is now wholly responsible for the expenditures of the government, would go earnestly to work it would find no difficulty in reducing the expenditures of the government, so that the present rate of internal revenue and proposed reduction of tariff taxation would furnish ample means to support the government and meet the requirements of the sinking fund."

"We can not with honor abandon the sinking fund. It was not intended as a guarantee to the holders of public securities, but a solemn engagement of congress to the people that the public debt should not be permanent, but should be extinguished on the reasonable basis provided by the act of 1862, under which the debt would be paid off within a reasonable period of time. Ex-

emption from debt is one of the guarantees of frugal government and frugal government is the only guarantee we have of the perpetuation of our free institutions."

WOOLEN MILLS BURNED.

Philadelphia Suffers a Fire Loss and Three Firemen Injured.

PHILADELPHIA, Dec. 2.—The large woollen mill of James Cochran & Brother at Tenth street and Columbia avenue was burned to the ground last night. Loss \$225,000, and insurance at \$150,000. Three firemen were injured while at work on the fire. They were: William Hetrick, engineer Company No. 6, struck on the head by a falling brick; Peter Rittenhouse, Engine Company No. 15, a leg broken by falling from a ladder, and Henry Peters, Engine Company No. 23, overcome by smoke while on the roof.

The origin of the fire is unknown. James S. Cochran stated that it started in the southeastern portion of the building, which he had leased to John Stewart. The boiler room is near this point, but Mr. Cochran did not think that the fire had started in the factory.

The factory was a 5-story structure and occupied the greater portion of a square. The fire was a stubborn one, and the firemen fought it bravely. It lasted almost four hours, but at midnight it was under control. Mr. Cochran stated that in view of the very poor business outlook he would not rebuild. The factory gave employment to about 325 operatives.

PEIXOTO STILL LIVES.

DeMello, However, Sails Away After a Hot Fight.

LONDON, Dec. 2.—A dispatch to the Exchange Telegraph company, says that there is no truth in the report that President Peixoto of Brazil has been assassinated. The dispatch adds that President Peixoto was engaged in repairing dangerous breaches made in the forts and in the works thrown up ashore.

The Exchange Telegraph company's dispatch confirms the report that Admiral de Mello has left Rio de Janeiro with a portion of his fleet in order to intercept the vessels which President Peixoto expects to reinforce him. It is added, however, that there was some desperate fighting between the rebel ships and the forts at the entrance of the harbor which still remain loyal to the government. The fire of the forts, chief of which is Fort Santa Cruz, was so well directed that the rebel ships and much difficulty in crossing the bar, and only did so after Admiral de Mello's flagship had been severely damaged.

Ran Down by a Train.

KNIGHTSTOWN, Ind., Dec. 2.—Reuben Peden, a prominent citizen of this place, and widely known throughout the state as a Mason, was instantly killed by a fast train on the Panhandle yesterday as he was crossing the track. Mr. Peden was about 75 years old. For about 35 years he had been connected with grand bodies of Masons, among whom he was widely known. He was grand high priest of the Grand Chapter of Royal Arch Masons of Indiana from 1876 to 1877 and was grand commander of the Grand Commandery of Knights Templars from 1887 to 1888. He was a 32 Scottish Rite Mason. For many years he conducted the Peden & Wilkinson grain warehouse.

Big Firm Goes Under.

NEW YORK, Dec. 2.—Abe Stein & Company, importers of goatskins, hides, etc., was placed in the hands of a receiver. The house is the largest in its line in the United States and probably in the world, doing a business of \$5,000,000. The receivership was precipitated, it is declared, by the sudden and unexpected suspension of the London house of Jacob Stein & Company, through which the New York firm did its business. The liabilities of the firm are placed at \$1,000,000, with large assets, the exact amount of which can not be determined at present.

Major Dickey, Retired, Dead.

BEAVER FALLS, Pa., Dec. 2.—Major Charles J. Dickey, a retired officer of the regular army, died suddenly at his home here, of apoplexy, aged 53. He was a native of Bridgewater and entered the service in 1861 as a private and retired in 1888, after 27 years' continuous service. He was in command of a regiment sent to suppress the Chicago riots in 1877, and also of a regiment located in the Schuylkill region during the miners' riots.

Covered by Insurance.

UTICA, N.Y., Dec. 1.—The four-story brick structure known as the Newell block, located on Genesee street, in the business center of the city, was burned. The building was occupied by J. N. Rathbun, who carried a very heavy stock of paints, oils, wall paper, etc. The loss to Mr. Rathbun on stock is \$100,000, on the building \$30,000, and the loss to the adjoining building is about \$25,000 additional. It is covered by insurance.

Used the Mails Fraudulently.

CHICAGO, Dec. 2.—President McDonald, of the guarantee Investment company, was today sentenced by Judge Grosscup of the United States circuit court to 11 months' imprisonment in the county jail and to pay a fine of \$1,000. William H. Stevenson, vice president and treasurer, and Francis Swearingen, secretary of the company, were fined \$200 each. The charge against them was using the mails to run a lottery.

DETROIT, Dec. 2.—The coroner's jury investigating the recent fire which destroyed the dry goods establishment of Edison, Moore & Company, resulting in a loss of eight lives, handed in a verdict exonerating the firm, but holding the city building inspectors responsible for not seeing that proper fire escapes were provided.

REVIEW OF TRADE.

R. G. Dun & Company's Weekly Report.

NO BETTER OR NO WORSE.

Business Transactions About Equal to Last Week—Tariff Uncertainties Have Affected Some Branches of Trade.

Money Abundant Everywhere With Rates Comparatively Low.

NEW YORK, Dec. 2.—R. G. Dun's weekly review says: It can not be said that during the week business has grown better or worse. For some days the gain in demand and in transactions which had been previously noticed evidently continued. But afterward tariff uncertainties were thought to affect some branches of business, and whatever the causes, the state of trade was clear. Money was everywhere abundant, with rates comparatively low, and the commercial demand was remarkably small, while the demand for speculative uses appear to be increasing.

The volume of business has been small, increasing, and not yet as much as was expected, the changes for last week showing a decrease of 36.5 per cent. compared with last year, in part because the week only covers five business days against six last year. For two weeks, covering the same working days the decrease has been 23.3 per cent. The railroad earnings for the last week of November shows a larger decrease than for any of the preceding weeks, but in freight traffic alone the business was about the same as for the first half of the month.

Wheat is slightly stronger, western receipts being considerably smaller than in recent weeks; though exports are also remarkably small. Corn is unchanged in price, with heavy western receipts and large exports. Pork and hog products are practically unchanged, as well as oil. Cotton is a shade lower, as receipts from the plantations continue to exceed those of last year in spite of the very positive estimates of a short yield, and the average of guesses by operators in the New Orleans exchange is over 700,000 bales greater than the government estimate. The stock of American cotton in sight are again so large that they rotund any rise in prices.

At present the iron industry shows no gain on the whole, with the demand for pig iron not urgent, and Bessemer iron a little lower at Pittsburg, with no sales of rails at the combination price, and with slightly lower prices for some finished products, and a rather scanty demand for any.

It is questionable whether the working force employed is larger than it was a week ago. The cotton manufacturer enjoys a decided improvement because the market is in absolute need of more goods, but there is hardly any quotable change in prices. The sales of wool are again larger than for the same week last year, amounting to 6,619,800 pounds against 4,354,500 pounds last year, but part of the transactions are said to be speculative in their nature, being based on the theory that whatever may happen later the necessities of the country will compel a larger consumption of wool within the next few months.

In boots and shoes no increase in the working force is seen, and while eastern shipments are only about 9 per cent less than a year ago, the greater proportion of the works have orders for only part of their capacity. Apparently the country is paying off with its surplus products loans amounting to many millions, which were effected in Europe to avert great disasters last summer. Hence it is that the condition of the treasury commands attention, with its total cash reserve down to \$90,000,000, and its available gold only \$82,000,000.

Failures during the past week 278 against 230 for the same week last year, and in Canada 48 against 23 last year. Only four of the week's failures were of liabilities exceeding \$100,000. The returns of liabilities for the preceding week show a large increase compared with previous week, and after deducting one large failure at Denver of a street railway company, the increase in all sections is lively and the aggregate of liabilities is nearly double that of the preceding ones.

THEATER DAMAGED BY FIRE.

One of the Handsomest Play Houses in Chicago Badly Ruined.

CHICAGO, Dec. 2.—The Haymarket theater at Halstead and Madison streets was badly damaged by fire yesterday. The building was five stories high with a frontage of 250 feet on Madison street. A large part of the rear of the building was given up to the theater, but the frontage along the street was used for stores. Above them were offices. The stores were badly damaged by water, much of the stocks being ruined, and the office portion of the building is almost a total loss. Before the fire was under control the loss on building and contents was estimated at \$75,000. The foyer of the theater is destroyed and the interior drenched and smoked. On this the loss was estimated at \$15,000.

The theater narrowly escaped destruction about three years ago in the great West Side fire which destroyed the Smyth Town market, a dime museum and several other buildings, entailing a loss of about \$2,000,000. The theater has been under the control of the management of the well known downtown Columbia theater, with Will J. Davis as manager. The Haymarket has been considered one of the most handsome playhouses in the city. It received its name because of its proximity to Haymarket square, where the great anarchist riot took place.

"GREED AND LYING."

The Penn Disciple, of New Castle, Pa., edited by Rev. I. A. Thayer, formerly of this city, has the following to say concerning the Hawaiian imbroglio: "Secretary Gresham's letter to the President, based on special Commissioner Blount's report on the Hawaiian matter, reveals another case in which greed and lying sought to drag our government into committing a flagrant injustice upon a weak nation; and, but for the change of administration, it must have succeeded. The provisional government, according to that report, was a fraud, an outrageous usurpation, engineered chiefly by smart American Agents, and supported by United States arms, through the connivance of Minister Stevens. We were suspicious of this at the time President Harrison sent the treaty to the Senate, and thought that further investigation should have been made. We regret that an administration, on the whole so clean and strong, closed with an act so illy considered, and which was likely to commit our country to a great injustice. It is needless to say that we have no sympathy with a monarchy; and we could wish that some better government might be instituted; but we protest against such wanton interference and injustice as seems to have been practiced in this case. No supposed advantages to that people can justify our interference with their constitutional government."

A SNIVELER and driver" is what the Courier-Journal characterizes ex-Minister Stevens. That's about the size of it.

Richmond's rejoicing over the victory of her foot ball team was brief but very loud. They went down before the Athletic Club of Louisville Thanksgiving Day in short order.

Death of W. L. Chamberlain.

Mr. William L. Chamberlain died Friday morning at 4:30 o'clock at the family residence on East Front street, after a week's illness, of pneumonia. The sad news was a shock to his friends.

Deceased was sixty-three years of age, and leaves four children—two sons, City Prosecutor John L. Chamberlain and W. H. Chamberlain, and two daughters, Mrs. Frank Purnell and Miss Alice Chamberlain. He formerly lived on Jersey Ridge, but had been a resident of Maysville for many years. He was a good citizen, quiet and industrious in all his habits. The funeral will occur at the residence to-morrow at 10 a. m. and will be conducted by Rev. E. B. Calk. Burial in the Maysville Cemetery.

A Great Scheme.

St. Louis, Dec. 2.—Surveyors are at work on a route for a new belt railway to commence north of the city limits and circle around the city to the west, coming in at Carondelet on the south, and connecting with the new bridge to be built there. By those in a position to know it is said that this new belt road is a part of the plan of the Burlington to girdle the city on all sides and thus connect with every road that enters it.

Must Do It All Over Again.

CHICAGO, Dec. 2.—The case of Prendergast, the murderer of Mayor Harrison, was placed on Judge Brentano's call for next Monday. Both sides are ready and the matter of getting a jury will begin at 10 o'clock next Monday morning. It is expected that 10 days or two weeks will be consumed in securing the jury.

Tenement Houses Destroyed by Fire.
MUNCIE, Ind., Dec. 2.—Two tenement houses, owned by Nicholas Schnuemaker, were destroyed by fire. Four families lost their household goods. The gas, which was being piped into the house, exploded as a result of careless plumbers.

"General" Booth has so far succeeded in raising only some £10,000 of the £25,000 he wants to carry on his "Darkest England" scheme of social regeneration, though he has made remarkable efforts to secure subscriptions.

Whatever may be the outcome of Garner's reported trip to the land of the gorillas, science must remain indebted to him for his discoveries and the opening up of new fields on the subject of animal language.

CAPTAIN SWEENEY, U. S. A., San Diego Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50c. Sold by J. James Wood.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

Rev. R. C. WILDER, Princeton, N. J., says:—"I find nothing helps so much to keep me in working condition as Simmons Liver Regulator."

See that you get the Genuine, with red Z on front of wrapper.

PREPARED ONLY BY
J. H. ZEILIN & CO., Philadelphia, Pa.

The Warehouse Combine.

The Cincinnati Leaf Tobacco Warehouse Company, or the tobacco "combine," has absorbed the Independent Tobacco Warehouse of that city. This leaves but one big house out of the combination. The officers of the Independent are: President, Perry Jefferson; Vice President, John Kirkpatrick; Treasurer, S. S. Waterfield; Secretary, John Swasey. The Independent house was organized last March with a capital of \$100,000, and has been set down as doing a prosperous business. The list of stockholders includes many Maysville and Mason County people.

REV. JOSEPH FRANK.

Death of a Well-Known Minister and Former Citizen of Maysville, at His Home in Lancaster.

A telegram yesterday brought sad news to the relatives and many friends of Rev. Joseph Frank, of Lancaster, Ky. He passed away Friday morning at his home in that city, after a lingering illness. In July or August he was taken down with flux, and was in a critical condition for some time, but there came a change for the better, after weeks of suffering. The improvement, however, was only temporary. He suffered a relapse, and for weeks there had been but little hope of ultimate recovery. The final summons came Friday, and a good and faithful worker in the Master's cause has gone to his reward.

Deceased was a son of the late Joseph Frank of this city, and lacked about two months of being fifty-two years of age. He was married twice. His first wife, who was Miss Sallie Darnall, of Fleming County, died some years ago. His last wife was Miss Lizzie Hord, also of Fleming. She survives him, and he leaves six children, five by his first marriage and one by his last. One of his sons, Graham Frank, is a minister of the Christian Church.

During the late war, deceased served on the Confederate side for some time, as a member of Captain John Morgan's command. After the war he entered the ministry of the Christian Church. For several years he had charge of the churches at Tuckahoe, Elizaville and Flemingsburg. A few years since he was called to the church at Lancaster, of which he was pastor at the time of his death.

During his pastorate at Flemingsburg and Lancaster, deceased was one of the leaders in the prohibition cause, and no one did more effective work. He was an earnest speaker and a most zealous worker, and was greatly esteemed wherever known. His friends will learn with sincere regret of his death.

The funeral is announced to occur Sunday afternoon at 2 o'clock at Lancaster. Interment in the cemetery at that place.

Pleasant Entertainments.

Little Miss Mae Burgess very charmingly entertained her young lady friends Thanksgiving evening at her pleasant home on West Second street in honor of her guest, Miss Anna Noonan. Those who were honored by an invitation were Misses Bessie Calk, Berta Robinson, Lyde Owens, Florence Darnall, Helen Barkley, Rosa Watson, Lottie Respass, Fannie Bramel, Lizzie Sadler and Sallie Ball. The young gentlemen present were Asa Burgess, Clay Worick, James Hall, George Lloyd, Ad. Wadsworth, Jr., Henry Wadsworth and Tom Darnall.

Mrs. F. S. Owens very kindly opened her hospitable home to the S. S. C.'s Wednesday evening, and all had a very enjoyable time. Those present were Miss Noonan, Covington, Ky., Misses Jessie Yancey, Lida Rogers, Lottie Respass, Sallie Ball, Lula Barnes, Julia Ficklin, Mae Burgess, Hattie Dobyns, Lyde Owens, Mary Wood, Fannie Bramel and Messrs. Tom Darnall, Clay Worick, Charley Cluke, Jim Hall, Jr., Tom Hall, Dulan Moss, Gordon Sulser, Geo. Lloyd, Asa Burgess, Ad. Wadsworth, Tom Wood, Sam Bierbower and John Power.

Church Dedication.

Since the meeting of the Synod of Kentucky, when the audience room of the Presbyterian Church was temporarily occupied, the workmen have been steadily engaged completing the repairs and improvements. All the wood work has been grained in antique oak, the entire floor has been covered with Brussels carpet, the upholstery of the pews is nearly completed, and with the exception of the pulpit furniture the room is now furnished. On to-morrow morning a re-dedication service conducted by the pastor and elders of the church will be held at the usual hour for public worship, and the public generally are invited to be present.

The annual meeting of the Mason County Bible Society will be held in the evening at the usual time for public worship.

The Westminster Society of Christian Endeavor will meet at 8:30 p. m.

The Marshal of Ripley Shot.

Thursday afternoon Nathaniel Bradford made an assault upon Chief of Police John W. Thompson, of Ripley, and emptied four loads out of his revolver at the officer.

One took effect in the right upper arm, another through the right upper thigh and another through the hat, barely grazing Thompson's head. The shooting seems to have been premeditated. The wounds inflicted are serious but will not necessarily prove fatal.

There is intense excitement over the occurrence, and a vigorous prosecution will follow.

Found Dead in Bed.

Henry Davis, aged forty years, a carpenter by trade, was found dead in bed at his home in Maysville Friday morning. He lived alone, and the cause of his death is not known. His remains were interred this morning at Shannon. Deceased leaves a wife and three children, from whom he had been separated for several years. They live in Chicago.

Quick Delivery.

A young lady of this city mailed a postal card to a friend in Paris, Ky., in August, 1890. The postal reached its destination a few days ago postmarked Maysville, November 12, 1893. The question very naturally arises, where has the postal been all of this time?

The Central Presbyterian Church.—Preaching to-morrow at 10:30 a. m., by the pastor, Rev. W. O. Cochrane. No preaching at night. Sunday school at 9 a. m. Christian Endeavor at 5 p. m. All cordially invited and made welcome.

At the First Baptist Church to-morrow there will be services at the usual hours, conducted by the pastor. During the next week there will be preaching every night. To these services all are cordially invited. Robert G. Patrick, pastor.

The trial of Ex-priest McNamara was not concluded yesterday afternoon. Most all the attorneys wanted to be heard, and after listening to Mr. Johnson, Judge Whitaker and Mr. Gill, Squire Miller, by agreement, continued the case until December 13th.

To reduce a very large stock of watches, I have made a great reduction in prices on ladies' and gentlemen's solid gold, gold-filled and silver watches. I have also a very large stock of silver watches for boys and girls, prices lower than ever. P. J. Murphy, successor to Hopper & Murphy.

There will be preaching at the M. E. Church to-morrow at 10:30 a. m. Subject, "A Study of the Book of Numbers." Sunday school at 9 a. m. General class at 2 p. m. and Epworth League at 6 p. m. Topic, "Pure Religion Before God." No service after league service. All are welcome and invited to worship with us. D. P. Holt, pastor.

The usual Sunday services by the Disciples of Christ on Third street to-morrow morning. Sunday school at 9:30 a. m. and Y. P. S. C. E. at 6:15 p. m. Morning theme, "Creeds Customed, or Professions in Uniform." No night service. That which gives no aid is a positive hindrance. To live out of time, if a religionist, leads to pessimism, fills one with all manner of forebodings. If the inclination is to philosophy, one is quite apt to be filled with all manner of utopian and chimerical schemes. Better to be useful to one's generation, and thus sow seeds for future harvests. E. B. Cake, Pastor.

Cincinnati Tribune: "Hon. John F. Hagar, of Ashland, Ky., is at the Grand. He is here on legal business, being one of the most prominent lawyers in his section of the State. Colonel Hagar is prominently spoken of in connection with the Governorship of Kentucky, and if he enters the field would make a most formidable candidate."

That dread malady la grippe having again made its appearance in our midst, it behooves every one to take all precautionary measures against the sudden changes in the temperature. A pair of fleece-lined jersey leggings, of which you may see a complete line of ladies', misses' and children's at Minor's shoe store, will be a source of great comfort and protection to you this winter. A full stock of ladies' overgaiters also.

The Kentucky State Railroad Commission has addressed to the Interstate Commerce Commission a petition in which charges of rate discrimination against Miles & Son, millers, of Frankfort, Ky., are preferred against the Louisville and Nashville and Chesapeake and Ohio railroads. The petition states that the railroads have paid no attention to the State Commission's communications regarding the discrimination.

To-morrow afternoon, if you wish to be pleasantly entertained, go to the men's meeting at Y. M. C. A. hall; 3 o'clock is the hour and a happy time is insured to all. Mr. Walter Cady will lead. His subject is a practical one and should bring together all of our citizens. Good music and singing with short spicy talks are some of the features to build you up morally, mentally and spiritually. Friends and strangers, those who read and want a warm, cheery place to spend the Sabbath day can come to the Y. M. C. A. hall and find such comforts. The hall is open and you are invited.

CROP BULLETIN.

Agricultural Reports Made to the Department at Washington.

WASHINGTON, Dec. 2.—The month of November was colder than usual in all agricultural districts east of the Rocky mountains, the only regions reporting slight excess of temperature being Maine, northern Michigan and the central Rio Grande valley. The month was also cooler than usual to the west of the Rocky mountains, although there are portions of northern California, Oregon and Nevada from which a slight excess in temperature was reported.

Generally throughout the central valleys, including the winter wheat belt, the average temperature for the month was from 2 to 4 degrees per day below the normal. During the first half of the month in this section the temperature was above the normal favorable for the growth of fall wheat, but this growth was checked by the cold wave which extended over the region named on the 15th and 16th, carrying freezing weather to the east gulf coast, and causing frosts in northern Florida, of which timely notice was announced by this bureau.

The month was cold in southern California and the unusual occurrence of frost and snow in the orange belt of that section was reported during the latter part of the month without, however, causing any serious damage to crops.

The month closes with the most severe cold wave of the season, and the temperature is near zero throughout the winter wheat belt, with prospects of still colder weather. The lowest temperature of the season, 42 degrees below zero, occurred at Prince Albert, N. W. T., on the night of Nov. 30.

Over the greater portion of the country the rainfall for the month was much less than usual. Throughout the central valleys and the eastern portion of the cotton region the month was comparatively dry and the weather was especially favorable for farm work.

In the central Mississippi valley, east gulf states and the greater portion of the middle Atlantic states and New England the rainfall for the month was from one to two inches below the normal, while in the eastern portion of New England and from northern Alabama to Virginia the deficiency in rainfall for the month ranged from two to three inches. Texas and portions of Nebraska and South Dakota report a slight excess, while on the Virginia and North Carolina coasts and on the Pacific coast north of San Francisco the rainfall was unusually heavy, the excess amounting to three inches on the Virginia coast, and from three to six inches on the Oregon and Washington coasts.

At the end of the month snow covered the ground from the lower lake region westward to the Rocky mountains, the amount ranging from 10 to 12 inches in the northern portion of Michigan and from three to six from southern Michigan, westward, over Iowa.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Complete Manhood

and how to attain it.

At last a medical work that tells the causes, describes the effects, points the remedy. This is scientifically the most valuable, artistically the most beautiful, medical book that has appeared for years; 96 pages, every page bearing a half-tone illustration in tints. Some of the subjects treated are Nervous Debility, Impotency, Sterility, Development, Varicocele, The Husband, Those Intending Marriage, etc. Every man who would know the grand truths, the plain facts, the old secrets, and the new discoveries of medical science as applied to married life, who would atone for past follies and avoid future pitfalls, should write for this wonderful little book. It will be sent free, under seal. Address the publishers, Erie Medical Co., Buffalo, N. Y.
